

Air Infrastructure

In the North-East Region, there are 3 international airports - Iași, Bacău and Suceava, serving both domestic and foreign flights. Iași and Suceava Airports also offer general cargo facilities.

Iași Airport:

Local authorities and the European Union invested approx. 60 million EUR in the modernization of the passenger terminals, a new 2400 m flexible runway and lighting systems. Also, in early 2022 a new 90 million EUR modernization contract was signed by the Ministry of Transport.
